## KEYS OF THE TREASURE

**Objective:** individual or team competition - collect the most points and reach the goal within the time limit

**For whom:** the game can be played in Czech or English

**Where:** anywhere with GPS signal (outdoors)

**Length:** 1-5 hours based on the client's requirements (*the game may be set for 1 hour or even 5 hours*)

**Game:** a team game based on an original mobile application - finding interesting locations using GPS coordinates and solving riddles. It can be programmed for any place and topic (questions may be entered as requested). The participants are divided into teams (or individuals), each team gets a tablet where they see the map with the distributed tasks and checkpoints. The aim is to get the most points for correctly fulfilled tasks or answered questions. During the game, the position of all the teams and their scores is shown on the map. The participants can thus use tactics to decide where to obtain more points, etc. Every fulfilled task disappears from the map and the others cannot fulfil it any longer. At the end of the game, the goal which each team must reach by a certain deadline appears on the tablet. After the game, the results are announced and the winners awarded.
